### East Gaston CTE Teachers! 86% Proficiency Fall 2023

Congratulations to R M Diggs, D W Efird, B A Farrar, L S Hawkins, J A Lenox, A M McAulay and K W Rudisill for an excellent job in the Fall 2023 semester. All Credential Classes, all Performance Based Measurement Classes and all State Assessment Classes earned a total proficiency rate of 86%. That is fantastic and is a testament to all of the long hours and hard work these teachers spent creating relevant, hands-on lessons for their students. Thank you for making the CTE Department and Gaston County Schools SHINE!!!

### Class Spotlight

Interior Design Studio students are creating a living space based on the design elements they learned in their level one course!

### An Idea for Building the Future

Senate Bill 193 - An act to provide Career Development Plans for all Middle and High School students is being piloted by GCS's CTE Department. CDC's are using Naviance to help students create their plan and learn more about themselves through various self-assessments. Stay tuned for more about this state-wide initiative.
