East Gaston High School

## FIELD TRIP!!!!

LNS Turbo in Kings Mountain invited Gaston County School students who are interested in welding to visit their facility, eat some lunch, talk about life in the real world and tour their facility. It was an awesome learning experience for these students - and the pizza for lunch for pretty good too!

The National Technical Honor Society Induction Ceremony is November 16, 2023. Congratulations to the 42 East Gaston students who will be inducted into this prestigious honor society on that night.

## VINEYARD VINES ZOOM CALL!!

Two artists employed by Vineyard Vines took time out of their busy Friday to speak with our Entrepreneurship and Adobe students about how they made their start using their art and earning a living! They then held a Q & A session where the students asked some great questions!
