## A MESSAGE FOR OUR STUDENTS AND PARENTS

### It's a brand new year for Gaston County Schools!

We are delighted to welcome more than 30,000 students (pre-kindergarten through high school) to the classrooms at our 56 schools. Please know how much we value having you as part of our school family, and we hope you are looking forward to a successful 2024-2025 academic year.

Gaston County Schools is fully accredited as a quality school system. All schools have earned the "quality school" distinction from AdvancED/Cognia, the organization that is responsible for reviewing schools and granting accreditation status.

Year after year, our schools continue to make us proud. All schools have a comprehensive instructional program with opportunities for every student at every ability level. We offer Advanced Placement (AP) and honors courses, Career and Technical Education (CTE) programs, services for exceptional children, and a variety of outstanding academic, athletic, extracurricular, fine arts, and student support programs. Additionally, we offer various magnet schools and Academy programs for students. Thanks to the school bonds that were approved by voters in 2018, we are completing significant renovation and repair projects at many schools, and we are working on the construction of a new school to replace W.P. Grier Middle School. The new Grier campus is scheduled to open for the 2025-2026 school year.

As we begin a new school year, we hope you will take time to review all sections of our Student Code of Conduct and Annual Notification to Parents. Once you do, please contact your school's principal if you have questions about any information in this publication.

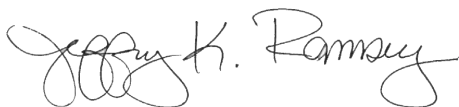

We invite you to stay connected with Gaston County Schools. You may visit the district website ([www.gaston.k12.nc.us](http://www.gaston.k12.nc.us)) and your school's website for news and information, download our mobile app from the Google Play and App stores, follow us on social media, and watch our programs on Spectrum Channel 21, which is the Education Station for Gaston County Schools. Parents who have questions or concerns during the year are encouraged to contact their child's teacher or the school principal.

Everyone associated with Gaston County Schools joins us in extending our very best wishes to you for a productive school year filled with many exciting opportunities. Working together, we will continue our efforts to inspire success and a lifetime of learning in Gaston County Schools.

Sincerely,

**Morgen A. Houchard, Ed.D.**

# Student Code of Conduct

## Introduction

The basic purpose of the Student Code of Conduct for schools is to help establish and maintain a safe and orderly environment, which must prevail if learning is to take place. The term “school” as it applies to these guidelines refers to all school buildings, parking areas, and properties. These rules are in effect at any function or school-sponsored activity and while students are waiting for, riding, or leaving the bus. These rules apply to any student whose conduct at any time or place has a direct and immediate effect on maintaining order and discipline in the schools. (See policy 4300 for complete policy.)

Principals are authorized to establish individual school rules and regulations in addition to the rules listed in this booklet. School administrators have the responsibility to notify law enforcement officers of certain violations of state or federal laws and to call law enforcement officers to assist in the maintenance of order.

It is the intention of the Gaston County Board of Education to enforce these rules fairly, firmly, without discrimination because of race or sex, and with due respect for the constitutional rights of every student.

The Student Code of Conduct is the short form of the Gaston County Board of Education’s policy on student control and conduct, suspension, and expulsions, which is set forth in the Policy Manual of the Gaston County Board of Education: [www.gaston.k12.nc.us](http://www.gaston.k12.nc.us).

## Student Code of Conduct

Student lockers, desks, etc. are school property and may be searched at any time.

A student's wireless communication device and its contents, including, but not limited to, text messages and digital photos, may be searched whenever a school official has reason to believe the search will provide evidence that the student has violated or is violating a law, Board policy, the Student Code of Conduct or a school rule.

### Random Metal Detection/Automobile Searches

Students may be required to submit to a screening for metal as a condition of entering or continuing attendance at school.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of student parking lots and inspection of the exteriors of student automobiles on school property. The interiors of student vehicles may be searched whenever a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. Such patrols and searches may be conducted without notice, without student consent and without a search warrant.

In addition, random searches of automobiles may be conducted to deter the possession of contraband such as weapons, guns, knives, illegal drugs and alcohol on school property or parking lots owned or leased by the school. If a search yields evidence that a student has violated a state law or the policy and/or rules of the Gaston County Board of Education and/or the school attended by the student, such evidence shall be seized by school officials and turned over to proper authorities for ultimate disposition.

### Recommended Use of Police Canines on School Property

## Student Code of Conduct

### Expulsion

*(See 4353 for complete policy)*

Upon the recommendation of the principal and Superintendent, the Board of Education may expel a student who is fourteen years of age or older if the student's behavior indicates that his or her continued presence in school constitutes a threat to the safety of other students or employees.

The student's conduct need not result in the filing of criminal charges and need not have taken place on school premises or at a school activity in order for expulsion to be considered.

Depending on the circumstances – including the age and maturity of the student, the student's intention in committing the offense and the student's record of conduct, the following conduct may result in expulsion:

1. Theft or attempted theft by a student from another person by using or threatening to use a weapon.
2. The intentional and malicious burning of any structure or personal property, including any vehicle.
3. An attack or threatened attack by a student against another person wherein the student uses a weapon or displays a weapon in a manner found threatening to that person.

12. Any behavior resulting in a felony conviction on weapons, drug, assault or other charge that implicates the safety of other persons.

13. Any other behavior that demonstrates a clear threat to the safety of others in the school environment.

### Counseling

*(See policy 3600 and 6020 for complete policy)*

Following violations of the Student Code of Conduct, a student shall cooperate with any interventions recommended by the principal with regard to assessment/evaluations and/or counseling concerning his/her conduct that constituted the violation.

### Student Parking

*(See policy 6370 for complete policy)*

The parking of motor vehicles and other modes of conveyance on school grounds shall comply with the rules and regulations adopted by the individual school. Failure to abide with such rules and regulations may result in the student's loss of the privilege of parking a vehicle on campus. Student parking is a privilege and all students' motor vehicles on campus may be subject to search by school officials as outlined in policy 4306.

### Suspension from Participation in Athletics and Extracurricular Activities

*(See policy 4395 and 3610 for complete policy)*

Participation in athletics is a privilege with which comes certain responsibilities. A student may be suspended from participation in athletics or extracurricular activities for conduct either on or off school grounds that constitutes a felony or any crime of moral turpitude including, but not limited to, the illegal possession, sale or use of drugs or alcohol. Conviction of a crime is not mandatory for this suspension to be enforced.

### Suspension from Attendance at Athletic/ Extracurricular Activities and Bus Privileges

A student who exhibits violent or disruptive behavior during the school day(s) may be banned from attending extracurricular activities and riding the school bus at the discretion of the principal.

## Student Code of Conduct

### Use of Video Recorders on School Buses

It is the practice of Gaston County Schools to use video recorders on school buses. Use of such video recorders shall be for the purposes of identifying safety concerns and to substantiate bus conduct violations.

Such recordings may be periodically and regularly reviewed by school officials, are considered confidential, but may be disclosed as part of school disciplinary proceedings or safety programs.

The placing of a student on a school bus shall constitute parental consent to have a child recorded in such a manner.

### Student Records

*(See policy 3470 for complete policy)*

The Superintendent or designee shall provide eligible students and parents with annual notification of their rights under the Family Educational Rights and Privacy Act (FERPA). The notice must contain all information required by federal law and regulations, including the following:

1. the right to inspect and review the student's educational records and the procedure for exercising this right;
2. the right to request amendment of the student's educational records that the parent or eligible student believes to be inaccurate, misleading, or in violation of the student's privacy rights; and the procedure for exercising this right;
3. the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent;
4. the type of information designated as directory information and the right to opt out of release of directory information;
5. that the school system releases records to other institutions that have requested the information and in which the student seeks or intends to enroll;
6. the right to opt out of releasing the student's name, address, and phone number to military recruiters or institutions of higher education that request such information;
7. a specification of the criteria for determining who constitutes a school official and what constitutes a legitimate educational interest if a school official discloses or intends to disclose personally identifiable information to school officials without consent;
8. notification if the school system uses contractors, consultants, volunteers, or similar persons as school officials to perform certain school system services and functions that it would otherwise perform itself; and

9. the right to file complaints with the Family Policy Compliance Office of the U.S. Department of Education.

### Student Attendance

Attendance in school and participation in class are integral parts of academic achievement and the teaching-learning process. Through regular attendance, students develop patterns of behavior essential to professional and personal success in life. Regular attendance by every student is mandatory. The State of North Carolina requires that every child in the state between the ages of 7 (or younger if enrolled) and 16 attend school. Parents and legal guardians are responsible for ensuring that students attend and remain at school daily.

#### A. Attendance Records

School officials shall keep accurate records of attendance, including accurate attendance records in each class. Students will be considered in attendance if present at least half of the instructional day on-site in the school or at a place other than the school attending an authorized school-related activity.

To be in attendance during remote instruction days, students must: (1) complete their daily assignments, either online or offline; and/or (2) have a daily check-in through two-way communications with (a) the homeroom teachers for grades K-5 or (b) for all other grade levels, each course teacher as scheduled.

#### B. Late Arrivals and Early Departures

Students are expected to be at school on time and to remain at school until dismissed. During the school day, students are expected to be present at the scheduled starting time for each class and to remain until class ends.

#### C. Excused Absences

Following any absence(s), it is required that a written document or email be presented from the parent or guardian stating the reason for the absence. All absences will be coded unexcused in the computer until a written note or email is received from the parent or guardian. Written documentation must be presented within three school days after the student returns to school; otherwise, the absence(s) will be recorded as unexcused. In particular situations that may involve court-related proceedings, Gaston County social workers are given the authority to review attendance documentation as necessary. Absences will be coded according to the North Carolina Compulsory Attendance Law regulations as printed below. Absences due to extended illnesses may also require a statement from a healthcare practitioner. An absence may be excused for any of the following reasons:

## Student Code of Conduct

1. personal illness or injury that makes the student physically unable to attend school;
2. isolation ordered by the local health officer or the State Board of Health or isolation or quarantine that is a required state or local control measure;
3. death in the immediate family;
4. medical or dental appointment;
5. attendance at the proceeding of a court or administrative tribunal if the student is part to the action or under subpoena as a witness;
6. a minimum of two days each academic year for observance of an event required or suggested by the religion of the student or the student's parent(s);
7. participation in a valid educational opportunity, such as travel or service as a legislative or Governor's page, with prior approval from the principal;
8. pregnancy and related conditions or parenting, when medically necessary; or
9. a minimum of two days each academic year for visitation with the student's parent or legal guardian if the student is not identified as at-risk of academic failure because of unexcused absences and the student's parent or legal guardian (a) is an active duty member of the uniformed services as defined by policy 4176, Children of Military Families, and (b) has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting; or
10. any other reason as approved by the Board in a Board resolution.

### D. School-Related Activities

While recognizing the importance of classroom learning, the Board also acknowledges that out-of-classroom, school-related activities can provide students with valuable experiences not available in the classroom setting. The following school-related activities will not be counted as absences from either class or school:

1. field trips sponsored by the school;
2. job shadows and other work-based learning opportunities, as described in G.S. 115C-47(34a);
3. school-initiated and -scheduled activities;
4. athletic events that require early dismissal from school;
5. Career and Technical Education student organization activities approved in advance by the principal; and
6. Students participating in disciplinary techniques categorized as in-school suspension will not be counted as absent.

### E. Makeup Work

In the case of absences, short-term out-of-school suspensions, and absences under G.S. 130A-440 (for

failure to submit a school health assessment form within 30 days of entering school), the student will be permitted to make up his or her missed work. (See also policies 4110, Immunization and Health Requirements for School Admission, and 4351, Short-Term Suspension.) Assignments missed due to participation in school-related activities also are eligible for makeup by the student. The teacher shall determine when work is to be made up. The student is responsible for finding out what assignments are due and completing them within the specified time period.

### F. Unexcused Absences

The principal shall notify parents and take all other steps required by G.S. 115C-378 for unexcused absences.

Any school disciplinary consequences for unexcused absences will be consistent with Section D of policy 4300, Student Behavior Policies. The Superintendent or designee shall list in the Student Code of Conduct the specific range of consequences that may be imposed on a student for such offenses. Consequences may not exceed a short-term suspension or two days.

When a student reaches ten (10) or more cumulative absences, a letter may be sent requiring a doctor's note to excuse future absences. Students with excused absences due to documented chronic health problems are exempt from this policy.

In addition, for students experiencing homelessness (see policy 4175, Homeless Students), school officials must consider issues related to the student's homelessness, such as a change of caregivers or nighttime residence, before taking disciplinary action or imposing other barriers to school attendance based on excessive absences or tardies.

Excessive absences may impact eligibility for participation in interscholastic athletics, extracurricular activities and student organizations. (See policy 3610)

### G. Chronic Absenteeism

Because class attendance and participation are critical elements of the educational process, any absences, whether excused or unexcused, can have a negative impact on a student's academic progress. Regular attendance must be prioritized within each school and encouraged throughout the community. School administrators shall monitor and analyze attendance data to develop and implement strategies for reducing chronic absenteeism. Such strategies should involve engaging students and parents, recognizing good and improved attendance, providing early outreach to families of students missing school, and identifying and addressing barriers to attendance.

### K-8 Elementary and Middle School Students

For K-8 students, only 12 absences, including excused and

## Student Code of Conduct

unexcused absences, are permitted each school year. The principal of each school will review information on students who have exceeded 12 absences and will consider the possibility of retention based on absences.

### 9-12 High School Students

Each day school is in session for students, classroom teachers will report student attendance for each class period and maintain accurate student attendance records for report cards. At the eleventh absence (excused or unexcused) per semester from a class, students who are passing the class must file for an appeal in order to be eligible to earn credit for the class. The appeal will be requested to the designated official at each high school (appointed by the principal). The appeal may be requested by the student or parent, classroom teacher, advisory teacher, counselor or other staff member.

The deadline for an appeal request is the 75th school day of each semester (unless the eleventh absence falls after this day). Each high school principal will appoint an attendance appeal committee(s) as deemed appropriate. Guidelines from the school system will be provided to the principals and these committees. The committee(s) will meet to conduct student attendance appeals during a period between the 76th school day of each semester and the last teacher workday of each semester. In the event the student appeal is granted, the student will receive the final grade earned in the course. Should the appeal be rejected, the student will receive a failing final grade and receive no credit for the course. In order to facilitate acceptable course attendance, the following interventions and communications should be implemented:

- By the third absence in a course where no contact has been received from the parent/guardian, the school official will contact the parent/guardian using telephone, email, letter or automated telephone message. The school official will remind the parent/guardian of the number of absences and the Gaston County Board of Education policy on high school student attendance.
- After not more than six absences in a course, the parent/guardian will be contacted using telephone, email, letter or automated telephone message. The school official will remind the parent/guardian of the number of absences, the policy on high school student attendance and specifics regarding the appeal process. After not more than six absences from a course, the classroom teacher will notify Multi-Tiered System of Supports (MTSS) team.
- Upon notification from the classroom teacher, the MTSS team will evaluate the overall academic and attendance information of the student and if deemed appropriate, consult with the school social worker and/or other

support personnel for possible additional interventions, recommendations or consequences for the student/parent/guardian.

- On the tenth absence in a course, the parent/guardian will be contacted by using telephone, email, letter or automated telephone message. The school official will remind the parent/guardian of the number of absences, the policy on high school student attendance and that an appeal must be initiated upon the eleventh absence from a course if the student is passing the course.
- On the eleventh absence, the teacher or other school personnel, student or parent can give/request the Gaston County Schools student attendance appeal request form.

### Dropout Prevention/Driver License Legislation

North Carolina has legislation reflecting a coordinated statewide effort to motivate and encourage students to complete their high school education. The law provides for the revocation of the student's driving permit or license if the student does not maintain adequate academic progress or drops out of school. Adequate academic progress is defined as passing five (5) subjects under a traditional schedule (6- or 7-period day) or 3 out of 4 classes in a block schedule school.

This law applies to all North Carolina students under the age of 18 who are eligible for a driving permit or license. Previously, a student had to present a birth certificate, Social Security Card and Driver Education Completion Certificate to the Department of Motor Vehicles in order to obtain a permit or license. A student is now required to present a Driving Eligibility Certificate, issued by the school and good for 30 days, to the Department of Motor Vehicles to obtain a permit or license.

The Driving Eligibility Certificate will only be issued to students making adequate academic progress. Students who do not meet the academic progress requirements will be reported to the Department of Motor Vehicles and their permit or license will be revoked. There is a provision for a request for a review of the student's situation based on hardship considerations. Students may regain academic eligibility at the end of each semester.

### Lose Control, Lose Your License Legislation

Students given an expulsion/suspension for more than 10 (ten) consecutive days for one of the three reasons listed below are subject to having their permit/license suspended for up to one calendar year.

- The possession or sale of an alcoholic beverage or an illegal

## Student Code of Conduct

controlled substance on school property.

- The possession or use on school property of a weapon or firearm that resulted in disciplinary action under G.S. §115C-391(d1) or that could have resulted in that disciplinary action if the conduct had occurred in a public school.

- The physical assault on a teacher or other personnel on school property.

Students who are at least 14 years old or who are rising eighth graders are subject to this law. The law applies to all students, even to those exempted under Dropout Prevention/Driver License Legislation.

Unlike the Dropout Prevention/Driver License Legislation law that ends when a student turns 18 years old, the “Lose Control” law does not stop at age 18 nor does it stop when the student graduates.

Students who may lose their permit/license under this legislation may be eligible to regain the permit/license after a six-month period by displaying exemplary behavior in an alternative education setting or having successfully completed a school district-approved drug or alcohol treatment counseling program.

## Annual Notification to Parents

At the beginning of each academic year, school districts are required to provide students and their parents with certain annual notices. Review the following information carefully and contact your child's principal if you have questions.

### A. Student Records: Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act ("FERPA"), a federal law, gives parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review your child's education records within forty-five (45) days of the day the school receives a request for access. You should submit to the school principal a written request that identifies the record(s) you wish to inspect. The principal will make arrangements for access and notify you of the time and place where the records may be inspected.
- The right to request an amendment of your child's education records that you believe are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. You should write the school principal, clearly identify the part of the record you want changed and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when you are notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in your child's education records. FERPA requires that the school obtain your written consent prior to the disclosure of any such information with certain exceptions. School officials with a legitimate educational interest are an exception and do not need parental consent. For a complete list of the disclosures that elementary and secondary schools may make without parental consent, see 34 CFR Part 99.37. A school may disclose Personal Identifiable Information (PII) from the education records of a student without obtaining prior written consent to:
  - Officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer;
  - Authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of

Education, or state and local educational authorities, such as the State Educational Agency (SEA) of North Carolina;

- Financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid;
- State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released;
- Organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction;
- Accrediting organizations to carry out their accrediting functions;
- Parents of an eligible student if the student is a dependent for IRS tax purposes;
- Comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in connection with a health or safety emergency;
- Agency case worker or other representative of a state or local child welfare agency or tribal organization who is authorized to access a student's case plan when such agency or organization is legally responsible, in accordance with state or tribal law, for the care and protection of the student in foster care placement; and
- The Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs.

A school official includes any of the following when that person has a "legitimate educational interest" in having access to the information:

- a. Any administrator, supervisor, instructor, certified staff member, or support staff member (including health, medical, safety, law enforcement unit personnel, and security staff) employed by the school district;
- b. A school board member;
- c. A contractor, consultant, volunteer, or other party who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records and is subject to FERPA requirements governing the use and redisclosure of PII

from education records, including but not limited to, an attorney, auditor, cloud storage provider, consultant, expert witness, hearing officer, law enforcement unit, investigator, insurer/insurance company adjuster, investigator, or any other claims representative, medical providers or consultants, or counselors/therapists;

d. A person serving on a committee appointed by the school board or by the administration of the school district, such as a disciplinary or grievance committee or other review committee.

e. A school official has a "legitimate educational interest" if the official needs to review an education record in order to fulfill his or her professional responsibility.

The school district may release "directory information" about a student unless you have advised the school to the contrary. The school district has designated the following information as directory information:

- Student's name
- Address
- Date and place of birth
- Telephone listing
- Electronic mail address
- Photograph
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Diplomas (including endorsements earned), industry credentials/certifications, and awards received
- Grade level
- Most recent school or institution attended by the student
- Dates of attendance

The primary purpose of directory information is to allow the school to include this type of information from your child's education records in certain school publications. Examples include:

- i. A playbill, showing your student's role in a drama production;
- ii. The annual yearbook;
- iii. Honor roll or other recognition lists;
- iv. Graduation programs; or
- v. Sports activity sheets, showing weight and height of team

members.

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to you, § 99.32

of the FERPA regulations requires the school to record the disclosure. You have a right to inspect and review the record of disclosures.

Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

In addition, under federal law, we are required to provide military recruiters and institutions of higher education, upon their request, with the names, addresses and telephone numbers of high school students unless the student or parent has advised the school that they do not want such information disclosed without their prior written consent.

If you do not want the school to disclose some or all of the directory information described above from your child's education records to all or certain recipients without your prior written consent, the school district must be notified in writing within fourteen (14) days of the beginning of the school year or within fourteen (14) days of your enrolling in the school district. An "opt out" is perpetual and can only be rescinded in writing. You have a right to inspect and review the record of disclosures.

You have the right to file a complaint with the U.S. Department of Education concerning alleged failures of the school district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Student Privacy Policy Office  
U.S. Department of Education

### E. Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to:

- Parents must consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education:

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom students have

close family relationships;

6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;

7. Religious practices, affiliations, or beliefs of the student or student's parent; or

8. Income, other than as required by law to determine program eligibility.

1. Any other protected information survey, regardless of funding;

2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school district, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and

3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others.

(This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

- Parents may inspect, upon request and prior to the administration or use of:

1. Protected information surveys of students and surveys created by a third party;

2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and

3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under state law.

Parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. The following is a list of the specific activities and surveys covered under this direct notification requirement:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution.

### **F. Student Health: N.C.G.S. § 115C-375.4**

With the passage of N.C.G.S. 115C-375.4, the school district must provide families with information on influenza and meningococcal diseases and the vaccines that are available to prevent each. Influenza (“flu”) is caused by a virus that spreads from infected persons to the nose or throat of others. Influenza can cause fever, sore throat, chills, coughs, headache, and muscle aches.

Anyone can get influenza. Most people are ill with flu for only a few days, but some get much sicker and may need to be hospitalized. Influenza causes an average of 36,000 deaths each year in the U.S., mostly among the elderly.

Influenza vaccine is available in two types. Inactivated (killed) flu vaccine, given as a shot, has been used in the U.S. for many years. A live, weakened vaccine, FluMist, was licensed in 2003. It is sprayed into the nostrils. It is available for persons age 5-49 years of age. Influenza viruses change often. Therefore, influenza vaccine is updated every year. Protection develops in about two weeks after getting the shot and may last up to a year. The best time to get the vaccine is in October or November. Contact your local health department or physician for more details.

Meningococcal disease is a serious illness caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States. Meningitis is an infection of the brain and spinal cord coverings. Meningococcal disease can also cause blood infections. About 2,600 people get meningococcal disease each year in the U.S. Ten to fifteen percent of these people die in spite of treatment with antibiotics. Of those who live, another 10% have chronic complications. It is most common in infants less than one year of age, international travelers, and people with certain medical conditions. College freshmen, particularly those who live in dormitories, have a slightly increased risk of getting meningococcal disease.

Learn more about these vaccines by consulting with your family doctor or nurse or contacting the Gaston County Health Department at (704) 853-5000 or contacting the Centers for Disease Control and Prevention (CDC) at 1-800-

232-2522 (English) or 1-800-232-0233 (Spanish) or visiting <http://cdc.gov/vaccines/>.

### **G. Student Health: N.C.G.S. § 115C-47(51)**

North Carolina General Statute § 115C-47(51) requires schools to provide information concerning cervical cancer, cervical dysplasia and human papillomavirus and the vaccines available to prevent these diseases.

Information on these diseases and the vaccines can be found at [www.cdc.gov/vaccines/](http://www.cdc.gov/vaccines/). Those individuals without internet access can contact a school nurse or the Gaston County Health Department at (704) 853-5000.

### **H. North Carolina Safe Surrender Law**

Pursuant to N.C.G.S. §7B-500(b), an individual may legally surrender their newborn baby to a responsible adult without fear of criminal prosecution. While any responsible adult may receive a newborn, school social workers, school nurses, counselors and law enforcement agents are examples of responsible adults who are familiar with this law. More information can be found at <http://www.ncdhhs.gov/assistance/pregnancy-services/safe-surrender>. Those individuals without internet access can contact a school nurse or social worker for information.

### **I. Asbestos Hazard Emergency Response Act**

This notice is provided to you with information regarding the Asbestos Hazard Emergency Response Act (AHERA) Management Plan for Gaston County Schools. AHERA is a provision of the Toxic Substance Control Act and was passed by Congress in 1986. It requires schools to “ensure that workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress as well as the availability of the AHERA Management Plan for public review.” (§763.84(c))

The AHERA Management Plan contains documents of the initial AHERA inspection, six-month periodic surveillances, triennial re-inspections, employee training and operations and maintenance procedures. If you have any questions regarding the AHERA Management Plan for this school district, you can contact the Gaston County Schools Facilities Services Department, (704) 866-6146.

### K. Student Restraint/Seclusion/Isolation

The school district has adopted board policy 4304, as required by N.C.G.S. § 115C-391.1. Board policy 4304 and N.C.G.S. § 115C-391.1 are provided below.

#### Board policy 4304: Rules For Use of Seclusion and Restraint in Schools

The following rules will govern the use of seclusion and restraint by school personnel. As used in this regulation, "school personnel" means employees of the Board and any persons working on school grounds or at a school function (1) under a contract or written agreement with the school system to provide educational or related services to students or (2) for another agency providing educational or related services to students.

Seclusion and restraint will not be used on students with disabilities (1) for behavior(s) that would not result in seclusion or restraint for students without identified disabilities, unless the use is authorized by the student's IEP or Section 504 Plan for an educational or safety-related purpose, or (2) based on assumptions or stereotypes about disabilities or students with disabilities generally.

#### A. Physical Restraint

Physical restraint means the use of physical force to restrict the free movement of all or a part of a student's body.

Physical restraint will be considered to be a reasonable use of force when used in the following circumstances:

1. as reasonably needed to obtain possession of weapons or other dangerous objects on the person or within the control of a student;
2. as reasonably needed to maintain order or to prevent or break up a fight;
3. as reasonably needed for self-defense;
4. as reasonably needed to ensure the safety of any student, employee, volunteer, or other person present;
5. as reasonably needed to teach a skill, to calm or comfort a student, or to prevent self-injurious behavior;
6. as reasonably needed to escort a student safely from one area to another;
7. if used as provided for in an IEP, Section 504 plan, or behavior intervention plan; or

8. as reasonably needed to prevent imminent destruction to school or another person's property.

Except as set forth above, physical restraint of students will not be considered a reasonable use of force, and its use is prohibited. In addition, physical restraint will not be considered a reasonable use of force when used solely as a disciplinary consequence.

Prone restraint is a form of physical restraint in which a person is held in a face-down position on the floor or other surface. Prone restraint does not include placement in a face-down position as part of a necessary medical intervention. The use of prone restraint is prohibited.

#### B. Mechanical Restraint

Mechanical restraint means the use of any device or material attached or adjacent to a student's body that restricts freedom of movement or normal access to any portion of the student's body and that the student cannot easily remove.

Mechanical restraint of a student by school personnel is permissible only in the following circumstances:

1. when properly used as an assistive technology device included in the student's IEP, Section 504 plan, or behavior intervention plan or as otherwise prescribed by a medical or related service provider;
2. when using seat belts or other safety restraints to secure a student during transportation;
3. as reasonably needed to obtain possession of weapons or other dangerous objects on the person or within the control of a student;
4. as reasonably needed for self-defense; or
5. as reasonably needed to ensure the safety of any student, employee, volunteer, or other person.

Except as set forth above, mechanical restraint, including the tying, taping, or strapping down of a student, will not be considered to be a reasonable use of force, and its use is prohibited.

#### C. Seclusion

Seclusion means the confinement of a student alone in an enclosed space from which the student is (a) physically prevented from leaving by locking hardware or other means or (b) incapable of leaving due to physical or intellectual capacity.

Seclusion of a student by school personnel may be used in the following circumstances:

1. as reasonably needed to respond to a person in control of a weapon or other dangerous object;
2. as reasonably needed to maintain order or prevent or break up a fight;
3. as reasonably needed for self-defense;

## Annual Notification to Parents

4. as reasonably needed when a student's behavior poses a threat of imminent physical harm to self or others or imminent substantial destruction of school or another person's property; or
5. when used as specified in the student's IEP, Section 504 plan, or behavior intervention plan; and
  - a. the student is monitored by an adult in close proximity who is able to see and hear the student at all times while the student is in seclusion;
  - b. the student is released from seclusion upon cessation of the behaviors that led to the seclusion or as otherwise specified in the student's IEP, Section 504 plan, or behavior intervention plan;
  - c. the confining space has been approved for such use by the school district;
  - d. the space is appropriately lighted, ventilated, and heated or cooled; and
  - e. the space is free from objects that unreasonably expose the student or others to harm.

Except as set forth above, the use of seclusion is not considered to be reasonable force, and its use is prohibited. In addition, seclusion will not be considered a reasonable use of force when used solely as a disciplinary consequence.

### D. Isolation

Isolation means a behavior management technique in which a student is placed alone in an enclosed space from which the student is not prevented from leaving.

Isolation is permitted as a behavior management technique provided that:

1. the isolation space is appropriately lighted, ventilated, and heated or cooled;
2. the duration of the isolation is reasonable in light of the purpose for the isolation;
3. the student is reasonably monitored while in isolation; and
4. the isolation space is free from objects that unreasonably expose the student or others to harm.

### E. Time-Out

Time-out means a behavior management technique in which a student is separated from other students for a limited period of time in a monitored setting. Teachers are authorized to use time-out to regulate behavior within their classrooms.

### F. Aversive Procedures

Aversive procedure means a systematic physical or sensory intervention program for modifying the behavior of a student with a disability that causes or reasonably may be expected to cause one or more of the following:

1. significant physical harm, such as tissue damage, physical

illness, or death;

2. serious and foreseeable long-term psychological impairment; or

3. obvious repulsion on the part of observers who cannot reconcile such extreme procedures with acceptable standard practice; for example:

- a. electric shock applied to the body;
- b. extremely loud auditory stimuli;
- c. forcible introduction of foul substances to the mouth, eyes, ears, nose, or skin;
- d. placement in a tub of cold water or shower;

- f. blindfolding or other forms of visual blocking;
- g. unreasonable withholding of meals;
- h. eating one's own vomit; or
- i. denial of reasonable access to toileting facilities.

The use of aversive procedures is prohibited.

- c. any use of physical restraint resulting in observable physical injury to a student;
- d. any prohibited use of seclusion; or
- e. any seclusion exceeding 10 minutes or the amount of time specified in a student's behavior intervention plan.

2. Notice to Parents

When a principal or designee has personal or actual knowledge of any of the incidents listed in subsection G.1, above, he or she shall promptly notify the student's parent or guardian and shall provide the name of the school employee whom the parent or guardian may contact regarding the incident. Such notice shall be provided by the end of the workday during which the incident occurred when reasonably possible, but no later than the end of the following workday. Such notice also shall be provided in addition to the written incident report required in subsection G.3 below.

3. Written Report to Parents

Within a reasonable period of time not to exceed 30 days after any incident listed in subsection G.1 of this regulation occurs, the principal or designee shall provide the parent or guardian with a written incident report. This report must include the following:

- a. the date, time of day, location, duration, and description of the incident and interventions;
- b. the event or events that led up to the incident;
- c. the nature and extent of any injury to the student; and

## Annual Notification to Parents

d. the name of a school employee the parent or guardian can contact regarding the incident.

### 4. Reporting to State Board

### 5. Non-Retaliation for Reporting

Any employee making a report alleging a prohibited use of physical or mechanical restraint, seclusion, or aversive procedure will not be discharged, threatened, or retaliated against through compensation, terms, conditions, location, or privileges of employment unless the employee knew or should have known that the report was false.

### **Y. Third Party App Opt Out Under 13**

Chromebooks and iPads allow for the use of educational tools created by third parties. Gaston County Schools (GCS) thoroughly reviews these services before their use. Under a federal law, the Children's Online Privacy Protection Act (COPPA), the school district may consent to the use of certain third-party or cloud-based educational services on a parent's behalf. COPPA applies only to

children less than 13 years of age. In order to keep you informed, best protect your child, and best protect the liability of Gaston County Schools, we are asking for your approval for Gaston County Schools to consent on your behalf to your child's use of account-based online services. Gaston County Schools' educational technology team reviews and approves these services; they are not released to your child before being approved.

Students and employees may be allowed to create accounts approved by Gaston County Schools that are necessary for using cloud services, accessing resources, sharing information, turning in assignments, or communicating with teachers. These accounts will be created in full compliance with COPPA laws. All resource terms of agreements, including under age 13 restrictions, will be followed.

## Notice about Pest Management

This notice is being distributed to comply with the North Carolina School Children's Health Act.

IPM (Integrated Pest Management) is explained further in the District's Pest Management Policy (Policy Code 9235), which can be accessed on our website ([www.gaston.k12.nc.us](http://www.gaston.k12.nc.us)) - click the Board of Education section for policies.

The IPM coordinator for our school district is:

Mark Schultz, Operations Manager  
943 Osceola Street, P.O. Box 1397  
Gastonia, North Carolina 28053  
(704) 866-6270

Our school system may find it necessary to use pesticides to control pests. Chemicals are used in the least toxic form (active ingredient and/or formulation). North Carolina state law gives you the right to be notified annually of our use of pesticides. You may request notification ahead of time of pesticide applications.

Certain relatively low-risk pesticides are exempt from these notification requirements, including antimicrobial cleaners, disinfectants, self-contained baits and crack-and-crevice treatments, and any other pesticide products classified by the U.S. Environmental Protection Agency (EPA) as belonging to the U.S. EPA's Toxicity Class IV - "relatively nontoxic" group.

Currently, all interior pest treatment products that we use belong to the U.S. EPA's Toxicity Class IV - "relatively nontoxic" class of pesticides. In the event that a non-exempt pesticide must be used for a pest control emergency at a school and you have requested notification, you will be notified of the application in advance or as soon as possible after the pesticide application.

If you would like notification of pesticide application, you will need to submit a written request for notification of non-exempt pesticide applications at your child's school and/or at the school site where you are employed by the school district. Submit your written request to the school's principal, or for non-school facilities, to the building manager.

The objectives of the Integrated Pest Management program are to:

- Protect the health and well-being of students and staff and maintain a productive learning environment.
- Maintain the integrity of school buildings and grounds and prevent damage or loss to school resources, structures, or property.
- Prevent pests from spreading in the school.
- Prevent disruptions of the learning environment.
- Enhance the quality of life for students, staff, and others.

Our Integrated Pest Management program depends on the cooperation of everyone involved, including administrators, teachers, other school staff, students and parents, and pest management professionals. Communication is an important factor to the success in preventing and solving pest problems in our schools.

## Notice about Asbestos

Some of Gaston County Schools' older buildings contain asbestos building materials. Because we value the health and safety of our students and employees, we want to advise you of this and tell you what to do should you encounter any materials you know or suspect to be asbestos.

Gaston County Schools employees must not handle any asbestos nor undertake any activity that would cause anyone to come in contact with asbestos. Any work involving asbestos will be handled by a vendor, who will be hired to deal with the asbestos. Any vendor hired will be appropriately licensed and qualified to perform asbestos work. Gaston County Schools employees must not be involved in any such work.

In case of an asbestos release, all occupants must immediately evacuate the area. The area must be secured and posted "no entry." Under no circumstances must the asbestos be left exposed to students, employees, or visitors. A supervisor or principal must be notified immediately. Principals and/or supervisors must immediately contact the Gaston County Schools Facilities Services Department at (704) 866-6146 or call the Emergency Line at (704) 866-6142.

All schools and facility offices have an Asbestos Hazard Emergency Response Act (AHERA) Plan, which shows all locations with asbestos-containing building materials. The AHERA Management Plan is available in the main office of each school for review upon request by parents, teachers, and school employees or their representatives. The school will make the Management Plan available within five working days of it being requested. The school may charge a reasonable cost to make copies.

Every six months, an inspection is completed by Facility Services for all sites containing asbestos. Every three years, a re-inspection is performed by an appropriately licensed and qualified third-party consultant for each school building occupied by Gaston County Schools. Information about the AHERA Management Plan is on the Gaston County Schools website, [www.gaston.k12.nc.us](http://www.gaston.k12.nc.us).

## Automated Telephone Notification System

Keeping families informed is a priority for Gaston County Schools. We use the ParentLink/Blackboard notification system to provide emergency weather communication, attendance notification, and community outreach information. By providing your contact information to your child's school, you are consenting to receive recorded phone calls from your child's school and the school system. If you do not wish to receive messages from the school or school system, you must notify the school in writing. By opting out of the automated telephone notification system, you will not receive any phone calls from the district or your child's school. To ensure that you receive notification calls, please let the school know about any updates to your contact information.

Health Requirements

Each child entering a North Carolina public school for the first time must submit proof of a health assessment to the school’s principal within 30 calendar days of the child’s first day of attendance. All children entering kindergarten this fall must have a health assessment dated after August 16, 2022. The assessment must be submitted to the principal on the North Carolina Health Assessment Transmittal Form provided by the N.C. Department of Human Resources and the N.C. Department of Public Instruction. The forms are available at all schools. Students who do not meet the state requirements for immunizations and a health assessment will not be allowed to remain in school.

Immunization Requirements

Students should be up-to-date on all the vaccines required for kindergarten entry. In addition, all seventh graders need one dose of Tdap (Tetanus, Diphtheria, Pertussis) and one dose of MCV (meningoccal conjugate vaccine). All twelfth graders need a second dose of MCV.

Administering Medicine to Students

To minimize disruptions to the school day, medication should be taken at home rather than at school whenever possible. However, the Board of Education recognizes that students may need to take medication during school hours. When it is necessary, school personnel may administer medication prescribed by a medical provider dependant upon a completed, signed authorization for medication form and written request from the student’s parent. The forms are effective for one school year and can be obtained from the school nurse or principal’s office. Medication taken at school should be administered in compliance with board policy 6130.

Contact the school nurse if you have questions about student immunization records or health requirements. Also, please let the school nurse know if your child has any health issues, medical treatments, or medications that he/she will need during the school year.

School Nutrition

Special Diet Needs

Students with medical conditions such as allergies and diabetes may request modification to school meals by completing a diet order form. Parents may obtain a diet order application from the cafeteria manager, school nurse, School Nutrition office, or online at [www.gaston.k12.nc.us](http://www.gaston.k12.nc.us). The form must be signed by a medical professional and returned to the school nurse, who will submit it to the Gaston County Schools Nutrition Office.

Free and Reduced Lunch

All students enrolled in Gaston County Schools are given an opportunity to apply for free or reduced-price breakfast and lunch. To apply, a parent or guardian must complete and sign a Free and Reduced Price Meal application form. The form must be submitted each year. Only one application per household is necessary. Eligibility for free and reduced-price meals is based on household income and number of people in the household. Applications are available from the cafeteria manager, school office, the School Nutrition office, and on the district website.
